

CRIME WAVE SWEEPS NORTH PUTNAM COUNTY

SMALL TOWNS HIT BY ROBBERIES DURING NIGHT SEVERAL STORES ROBBED.

SHERIFF MAKES INVESTIGATION

Two Hardware Stores And Grocery At Bainbridge Robbed. Groveland And Fincastle Visited.

Several hundred dollars in loot was obtained during a crime wave which swept north Putnam County Thursday night or early Friday morning. Burglaries were reported in several small towns.

At Bainbridge two hardware stores and a general store were entered and looted; at Groveland a filling station was robbed and at Fincastle two grocery stores were reported entered. Loot included money, clothing, groceries, guns, ammunition and flashlights.

Sheriff Edward Eitelorge was notified of the robberies early Friday morning and sent deputy Sheriff Alva Bryan to investigate.

At Bainbridge the burglars forced a lock on the front door of the D. O. Tate general store and secured shoes, silk underwear, shirts, overalls, sheepskin coats and cookies. The front door of the D. V. Etcheson & Son Hardware store also was forced and two shotguns, a rifle, and a quantity of ammunition stolen. The Forest Pherson hardware store was entered by a back door and several flashlights reported taken.

The Wilson Bros. general store at Raccoon was also entered during the night, according to reports to The Banner Friday morning. The cash register was robbed of about \$5 in cash.

The Raccoon postoffice is also located in the Wilson Bros. building and approximately \$10 in currency was stolen from the government. This may lead to an investigation by Federal postal authorities.

Deputy Bryan who returned before noon reported the following places robbed and the amount of property lost:

J. C. Wilson store and postoffice at Raccoon, 6 pocket knives and 8 cartons Camel cigarettes, 50 packages to a carton, were taken in addition to cash.

At Fincastle \$13 in cash, 5 cartons of cigarettes, 3 flashlights, one pair lead knucks and a U. S. Army dagger with 1917 date, were taken from the Ora Trail store. At the Ray Fultz store, 6 cartons of cigarettes and 6 pocket knives were taken.

Bainbridge lost heavily. At the Pherson store a \$4 wrist watch, 4 dozen rings valued at \$3.40, 6 flashlights valued at \$8.50 and 20 pennies were taken. D. V. Etcheson lost a single barrel shot gun, a .22 calibre single shot rifle, 500 .22 calibre cartridges, 5 or 6 boxes .12 gauge shotgun shells, 6 or 7 flashlights, 2 cases of flashlight batteries, a few pocket knives and 200 pennies.

The D. O. Tate store at Bainbridge reported the loss of 3 pair shoes, 6 pair overalls, 12 shirts, 12 pair silk bloomers, one sheepskin coat, one leather coat, 3 pair corduroy pants, a box of cookies and a fountain pen. At the H. O. Heindricks filling station and general store at Groveland the thieves took 3 cartons cigarettes, one box cigars, 5 gallons of ice cream and spoons and dishes, candy, one ham, one cheese, one-half dozen jars strawberry preserves, one case of pop, one carton Velvet tobacco and one-half carton of Prince Albert tobacco, a dozen boxes of Post Toasties, 2 sacks flour, cookies, a box of chewing gum and gasoline.

All the places had doors forced by the use of crow bars or some other instrument. A piece of car spring which had been used to force the door was left in the Tate store at Bainbridge.

The only sight of the thieves was obtained in Barnard where the thieves stopped at the C. B. Jarvis store and broke a pump to obtain gasoline. A woman, May Crockett, sleeping over the store, said one of the men, described as a big fellow, came up stairs evidently looking for a way to enter the store. He left at once, however, after noting that their entrance of the store probably would disturb those sleeping over the store. She said she thought they were traveling in a Ford truck. Their visit to Barnard occurred between 11 and 12 o'clock.

Sheriff Eitelorge has notified police in neighboring towns to be on the lookout for the stolen goods. He believes local people were involved due to their familiarity with the territory.

BRAZIL LABORERS RESENT ACTION AT TERRE HAUTE

BRAZIL, Ind., July 18 (UP)—Resentment against action at Terre Haute in urging exclusion from employment there of all persons except those living in the city or elsewhere in Vigo county, was expressed at a meeting of the unemployed at Brazil, attended by 500 persons.

Speakers asserted that many Vigo county residents work in factories at Brazil and urged that a similar policy be adopted at Brazil of giving jobs to only local residents. It was said that several Clay county residents who had jobs in Terre Haute factories have been discharged as a result of the home worker policy adopted there.

Objections also were made to employment of farmers in industry. Articular emphasis was placed on barring men from work on account of age. It also was urged that persons of foreign birth be prevented from taking work until all American citizens desiring jobs were taken care of.

LEGALITY OF LIQUOR SEARCH IS RAISED AT SOUTH BEND

SOUTH BEND, Ind., July 18 (UP)—Legality of searching a home for liquor when none of the occupants are present has been raised in South Bend city court.

While Mr. and Mrs. William Meyers were away from home for a lake outing, officers entered and seized what they said was beer.

It also was pointed out that a search warrant used in the raid referred to the premises as 221 St. Louis boulevard, without designating as to north or south.

During first hearing of the case, spectators in the courtroom included Howard Long, federal prohibition enforcement chief. Nothing was said concerning charges by Mr. and Mrs. Meyers that the raiders upset furniture and that a diamond ring was missing.

The officers testified that some of them entered the house through windows and others through a door, the lock of which yielded to a pass key.

BASCOM O'HAIR GARAGE BURNS EARLY FRIDAY

CANNED FRUIT, TWO COOPS OF CHICKENS ALSO BURN IN EARLY MORNING BLAZE

Fire of undetermined origin destroyed a garage, canned fruit, and two coops of chickens, at the home of Bascom O'Hair, just north of Brick Chapel, early Friday morning.

Fortunately Mr. O'Hair had left his car outside when he and his family returned home from the band concert here Thursday evening.

Last September, a fire, believed of incendiary origin, burned the former Bascom O'Hair home and contents. Since this fire, the O'Hair family has resided in a small house, just south of their former home on State Road 43.

The latest fire early Friday also was of mysterious origin. The blaze was discovered too late for members of the family to extinguish it. The canned fruit was in the garage while the two chicken coops were near enough to be destroyed.

The crying kitten was lifted out of its warm hiding place and placed on the ground. It was believed the animal had crawled up under the hood while the car was parked.

LACK OF BOND PUTS WOLVEN BACK IN JAIL

INDIANAPOLIS YOUTH RETURNS HERE WHEN MAN ON BOND ASKS RELEASE

John Wolven, 20, of Maywood, an Indianapolis suburb, charged with involuntary manslaughter in an affidavit filed in the Putnam Circuit court, was back in the County Jail Friday after a cash bond of \$750 posted by a Maywood friend, had been withdrawn Thursday.

Unless friends secure a new bond, Wolven will remain in the County Jail until he can be tried at the September term of court.

Wolven was arrested a week ago on a warrant issued on an affidavit filed by Ed Simons of New York City, charging Wolven with involuntary manslaughter in connection with a collision on the National Road July 4 in which Mrs. Mable Ax, 45, of Brazil, was fatally injured. Wolven was released shortly after his arrest on a cash bond of \$750 put up by Charles R. Lentz of Maywood.

Accompanied by Wolven, an attorney and Richard McKinney, Lentz came to Greencastle Thursday afternoon and asked to be released from the bond. Lentz, of a nervous temperament, said he had been unable to sleep and had been in a high nervous state since he posted the bond. He asked to be released because of his nervous condition aggravated by the fear that he might be involved in the trial this fall.

Wolven surrendered to local authorities and Lentz's \$750 was returned to him by Sheriff Edward Eitelorge. Early Friday Wolven still was in jail awaiting until friends could secure a new bond.

In the same accident in which Mrs. Ax was fatally injured, Miss Ruth Steele, a passenger in the car driven by Wolven and fiancée of McKinney, who also was in the machine, was instantly killed. Miss Opel McDaniel of Indianapolis was a fourth passenger in the Wolven car.

Mrs. Ax was a passenger in a car driven by William Steppie, partner of Simons in sand blast operations, which the two men are carrying on in this section of the state. Simons and Miss Viola Ax, daughter of Mr. Ax, also were riding in the car driven by Steppie.

The fatal crash occurred on the National Road, west of Mt. Meridian, when Wolven attempted to pass another car going in the same direction and met the car driven by Steppie going the opposite way.

LINGLE CASE "KEY WITNESS" IS DISCOVERED

MYSTERY WOMAN "KEY WITNESS" IN MURDER OF CHICAGO REPORTER

HER STORY IS KEPT SECRET

Woman's Name Also Known Only By State's Attorney Swanson. Authorities Jubilant.

CHICAGO, July 18 (UP)—State's Attorney John A. Swanson announced today that a solution of the murder of Alfred J. Lingle, Chicago Tribune crime reporter, has been obtained through an unnamed woman eye-witness.

"She saw the killer shoot Lingle," Swanson said.

The experience caused the woman to suffer a nervous breakdown and she is under the care of a physician, the state's attorney said.

Swanson's announcement was made with evident jubilation at the possibilities opened up by the discovery of the witness.

"We regard her as the 'key' to the Lingle slaying," he said. "It is the first tangible progress we have made toward solving the mystery."

Because, he said, it might hamper the investigation started by the mystery woman's story, Swanson would not say whether the slayer had been identified.

Neither would he give details of the witness' story, or reveal whether a motive had been found.

"The woman is a key witness. We cannot give the details of her story," Swanson said.

However, the state's attorney did relate the witness' experience leading up to the time when the shooting occurred in the Randolph Street Illinois Central subway on June 9.

She had been involved in a minor automobile accident in the loop about noon on the day Lingle was slain, according to Swanson, and had gone to the office of a physician car the subway. While ascending in an elevator, Swanson said, she had witnessed an accident in which a boy crushed his hand.

Soon after leaving the building, she saw Lingle's slayer shoot him down from behind inside the subway.

How much she saw, and how well she remembered what she saw, the state's attorney said he would keep secret. The woman will be well guarded by police as she fears gang violence, he said.

Murder Farm Case Revived

MRS. BELLE GUNNESS FORMERLY OF LAPORTE BELIEVED IN MISSISSIPPI

LA PORTE, Ind., July 18 (UP)—LaPorte County Sheriff Tom McDonald announced today he was willing to go to Mississippi to investigate reports that Mrs. Belle Gunness, hunted since 1908 in connection with the slaying of 15 persons on her LaPorte county matrimonial farm, was living in that section of the country.

At the same time the Sheriff said, he was inclined to delay definite action until more substantial word is forthcoming from the south to give fair assurance that the report is more than "Just another of the wild tips we have been chasing for 22 years."

McDonald received a telegram from Sheriff Joseph W. Haven, Gulfport, Harrison county, Miss., which said: "Do you want Belle Gunness, living here as Mrs. J. V. Smith? If so, what reward leading to arrest are you prepared to offer?"

McDonald said no reward was outstanding. Yesterday he received a communication from Sheriff Tom Moore, Jackson, Miss., telling of the report of an unnamed man who said he had located Mrs. Gunness. No charges ever were preferred against her in LaPorte county or elsewhere.

Insurance Agent reports that he has
insured many well-to-do men. He
believes in Life Insurance so thor-
oughly that he carries \$45,000 him-
self. He has put it into a Life
Insurance Trust Fund — with an
institution like ours as trustee.

Why? So that his family will not
have the worry of properly invest-
ing the money—so that his wife, in
case of special need, can draw upon a
part of the invested principal.

He says, "So far as I am concerned
a Life Insurance Trust makes my

good policy even better." This is
testimony from one who knows.

We strongly urge you to carry
all the Life Insurance you can afford,
and to place it in a Trust Fund with
us as trustee.

By means of this arrangement
you can make long-distance family
plans not otherwise possible.

These Life Insurance Trust
Funds take many forms. Let us

**GOLF COURSE GETTING
SMALLER BUT PROFITABLE**

VISALIA, Cal., July 17 (UP)—
Three small boys who invented here a
miniature of a miniature golf course
today were jubilant.

Their gross receipts the first day
were five cents, several cents more
than expected. They declare they ex-
pect the cash "take" to mount among
Visalia's youngest generation.

The course is strictly a putting
course, constructed in the back yard
of the home of Mr. and Mrs. Paul
Palmer. The three young promoters
are Paul, 11, and Billy Palmer 8, and
Eddie Pollard, 12.

The course is open only to children
and the fees range according to fi-
nancial condition of the patrons.

With one cent, a patron can play
one hole. With a nickel, he can play
the entire course.

BLOOMINGTON MAN

FATALLY INJURED
Suffering a broken neck when his
truck plunged over an embankment,
John Bennett, 35, 1401 north Walnut
street, died within a few minutes af-
ter the accident, at the Bloomington
hospital.

The accident occurred on state road
37 near the Sunnyside filling station,
where the new road under construc-
tion by the W. C. Stewart company
joins the state road. Bennett was driv-
ing a truck belonging to John Ken-
nedy, north Morton street merchant,
which was being used to haul cement.
He had emptied his truck and was
preparing to return to town for an
other load.

It was said that another truck driv-
er, Ralph Weaver, 21, of near Para-
gon, driving a truck for Miner God-
sey and also hauling cement, passed
Bennett's truck and that Bennett then
attempted to pass him. As Bennett
started to pass, another car approach-
ed, according to witnesses, and his
truck was crowded over going over
the embankment and turning over
twice.

Bennett's neck was broken and he
died within a few minutes after reach-
ing the hospital. The accident occur-
ed shortly before 7 o'clock, less than
an hour after the men had started
their day's work.—Bloomington Tele-
phone.

TO APPEAL CASE

FORT WAYNE, Ind., July 18 (UP)—
Counsel for W. Homer Young, ousted
as superintendent of the Allen
county infirmary by the board of
commissioners, announced that an ap-
peal has been perfected to the In-

iana supreme court from Allen circuit
court which upheld the ousting.
It is the contention of Young's
counsel in the appeal that the law un-
der which he was removed is uncon-
stitutional, declaring the statute's
title fails to sufficiently describe
its content.
In the meanwhile Young will re-
main as superintendent.

Victor McLaglen Head Cast Of Fine All-Talker For Saturday "The Divorcee" Last Time Tonight
An all-talking picture with a laugh a minute, aptly describes "On The Level" the Fox Movietone Comedy Romance which plays a special one day's engagement this Saturday Matinee and Night at the Voncastle Theatre.
Victor McLaglen, of "Cockeyed World" and "Hot for Paris" fame, gives an excellent performance in the leading role, while Lilyan Tashman, the famous blonds vamp of the screen, and William Harrington, well known stage and screen actors who recently scored in "Nix On Dames", also contribute notable characterizations in the other featured parts.
The plot concerns a structural iron worker, played by McLaglen, who not only falls for a beautiful woman, but for a wildcat real estate scheme concocted by her and her confederates. While laughs predominate, the picture is not without tense drama

BUICK EIGHT COMING JULY 26
FLINT, Mich., July 18 — Announcement that the Buick Motor Company will introduce a complete line of eight cylinder automobiles to the public on Saturday, July 26th, was made today by E. T. Strong, president and general manager.

Mr. Strong declined to comment further upon the Buick line for 1931, other than to say that the new cars are the culmination of some three years of intensive engineering tests conducted by Buick and General Motors. Details as to the models and prices will be announced in a few days.

Rumors that Buick was preparing to introduce an eight cylinder car have been current in the motor industry for many months, and Mr. Strong's announcement today is the first official confirmation issued by the company's chief executive.
